## MEETING NOTICE

(Note date change from our regular second Wednesday meeting)

### Sustainability

**1 PDH FOR ATTENDEES**

**MAIN PRESENTATION: Modeling a Sustainable World.** Lynn Bellenger, 2010-2011 President of ASHRAE, will present *Modeling a Sustainable World*. In energy simulation, daylight analysis, CFD and BIM software, we have powerful modeling tools that enable us to create and refine our vision of a building – its appearance, systems, operation and performance. Those resources, used effectively in an integrated design process for new buildings and in analyzing retrofit opportunities in existing buildings, will help us guide building owners, architects, developers, and contractors in building orientation, shading, and shape and in selecting materials, windows, equipment, and systems that optimize building performance.

**TECH SESSION: Air Filtration.** Richard Krenmayer of American Air Filter will present on the following topics: The Need for Particulate Filtration, ASHRAE Filtration Product Review, High Purity Air Filtration Product Review, HELIOR™ PTFE Media/ MEGAcel™ I Filters, Gas-Phase Filtration and Green Building / LEED.
