

MEETING NOTICE

Wednesday March 12, 2014

1 PDH FOR ATTENDEES

Topic: Design and Application Considerations for Steam Turbine Generators

Please join us on Wednesday, March 12th for an informative presentation on “Design and Application Considerations for Steam Turbine Generators” delivered by Philip Rutkowski from the Elliott Group. Phil is a graduate of West Point. After active duty, Phil went on to work in the Pentagon in the Army's strategic construction division, setting the stage for the modernization of U.S. Army bases worldwide. He then went to work in renewable energy, developing projects for 2.5MW wind turbines. Phil is now the North American Sales Manager for the Power Generation division of the Elliott Group in Jeannette, Pennsylvania.

Phil's presentation will discuss Steam Turbine basics, applications, construction, specifications, selections and design for Steam Turbine Generators.

This presentation has been submitted to NY State for 1.0 PDH credit.
