Frequently Asked Questions:

What does ASHRAE stand for?

American Society of Heating, Refrigeration, and Air-Conditioning Engineers, Inc.

What does ASHRAE do:

ASHRAE on a society level publishes handbooks, design manuals, periodicals (monthly magazine is included in membership), and other technical data related to the HVAC industry.

The reference material that ASHRAE publishes will essentially become your bible if you are a designer in the HVAC field!

What is the ASHRAE Bi-State Chapter?

The Bi-State Chapter is composed of members living and/or working in Westchester, Putnam, Dutchess, Orange and Rockland Counties in New York, Fairfield County in Connecticut, and Northern New Jersey.

What are the benefits of joining ASHRAE and attending monthly Bi-State chapter meetings?

-Network with other engineers, equipment vendors, and contractors of all ages working in and/or living in the Bi-State territory

-Attend technical presentations from industry experts and authorities. These presentations range from overview of new equipment, new design strategies, ever-changing energy codes and rebates, etc. This helps you stay current with up and coming technology.

-If you are a Professional Engineer licensed in NY, you are required to obtain 36 PDH's (professional development hours) annually. Attending the Bi-State Monthly meetings will allow you to obtain credit towards your annual goal of required PDH's.

Where are the monthly meetings held?

-Monthly meeting are held at Casa Rina Restaurant located at 886 Commerce Street in Thornwood, NY, 10594

-We also take trips to various facilities housing mechanical equipment (NY Rangers Ice Skating Practice Rink, Captain Lawrence Brewery, Jacob Burns Media Arts Lab, etc.)

The fee is \$25 for ASHRAE members and \$30 for non members. This includes a buffet dinner with coffee and dessert as well as two presentations and PDH credits if you are a PE. Now that's a bargain!

If you are a student and would like to check out a meeting, please feel free to do so. You can pick our brains about the industry and possible job opportunities! There are many people from various companies that attend these meetings.

If you would like to attend a meeting or chat with us, please don't hesitate to email us at:
