

In collaboration with the New York State Energy Research and Development Authority (NYSERDA), ASHRAE will present the 3-hour Advanced Designs for Net Zero Energy Buildings on **June 13th, 2019**.

Don't miss the opportunity to learn how your projects can take advantage of NYSEDRA incentives for net zero energy.

Training Summary

The training will focus on the principles needed to achieve net zero energy buildings in the design of low and zero carbon emitting facilities. Learn practical, cost effective means to successfully achieve the goal of net zero energy. Case studies and examples will be presented throughout the training to show how other design professionals have met the zero-energy goal.

Based on the importance of reducing New York State's energy use and the opportunity for savings through the operation of Net Zero Energy buildings, this training is supported by NYSERDA.

BONUS! Each participant will receive a complimentary copy of [*Design Professional's Guide to Zero Net Energy Buildings*](#), by Charles Eley.
